*ZEUGITANE - From the land of Carthage to the world*

# The Legacy of Carthage

## *Where History Meets Pure Taste*

In the heart of the Mediterranean, where the sun kisses the ancient stones of Carthage, Zeugitane was born. A name that echoes the grandeur of an empire that once fed the world.

Our olive groves and palm oases are not just farms; they are living monuments to a tradition that spans millennia. We do not just produce; we curate nature's finest gifts for the most discerning palates in Europe and the Gulf.

Zeugitane is more than a brand. It is a journey back to the roots of authentic flavor, delivered with modern sophistication.
